REMARKS/ARGUMENTS

Claims 17 - 29 are pending. Claims 1 - 16 have been canceled without prejudice or disclaimer. Claims 17 - 29 have been appended.

A drawing objection was raised in connection with Fig. 3, noting that reference numeral 27 was missing. The omission was inadvertent. Fig. 3 has been amended to incorporate the "packet multiplexer 27" as shown in Figs. 1A, for example. No new matter has been added.

The drawing objection raised in paragraph number 3 in the Office action has been addressed by suitable amendments to the specification. No new matter has been added.

The specification was objected to for grammatical errors. In response, the specification has been reviewed and amended to correct grammatical errors found during the review. A substitute specification is appended herewith. No new matter has been added in the substitute specification.

An IDS is submitted herewith. Consideration of the IDS is respectfully requested.

The Section 112 rejections of the claims are moot in light of the replacement claims 16 - 30. Consideration of claims 16-30 is respectfully requested.
